## Adopt-A-Stream
### Buffalo Creek, Greensboro, NC
#### Friday, March 25th

**Trip Description:**
Buffalo Creek spans much of the Greensboro Metropolitan area and primarily functions as a means for channeling storm water throughout the city. Unfortunately, storm water brings unsightly and potentially contaminating debris into the creek. Outdoor Adventures is proud to take on the task of “adopting” this stream and greatly appreciates you joining us to make a difference in our community as well as communities located downstream of Guilford County!

**Trip Cost:** FREE
Includes: transportation, equipment, instruction.

**Requirements to Participate:**
The following requirements are required for your trip. If you do not meet or complete the following requirements prior to your trip, you will be removed from the trip without refund. These requirements are necessary to maintain safe and enjoyable trip experiences for all group members.

1) You must be able to depart by **1:30PM on Friday, March 25th**.
2) You must be able to stay with the group for the whole event, ride with us to the location, and depart at the same time as the rest of the group.

Outdoor Adventures trips are human powered and adventure-based; therefore, you should expect some level of physical exertion from all of our trips. It is important to consider your current level of physical fitness and any other physical or mental limitations you may have when deciding to participate in any of our activities. For clarification on any activities and the difficulty, please contact us.

**Goals of an OA trip:**
1) Have a fun time outside and away from campus!
2) Learn technical outdoor skills.
3) Connect with our natural world and learn how to appreciate the areas we travel.
4) This is a group experience, so emphasis is also placed on interacting and getting to know new people.
